STIR-CRAZY CAKE

The way a wagon cook looks at it, a cowboy is just an appetite riding a horse. They never seem to get filled up. In a way it's flattering to a cook. (But it's work, worry, work to keep up.) They all have a sweet tooth, and a cook who can top off his job will have a smiling special now and then.

Like this Stir-Crazy Cake that's interesting to fix and even more interesting to eat.

2½ cups all-purpose flour
1½ cups sugar
⅓ cup cocoa
2 teaspoons soda
½ teaspoon salt
⅓ cup cooking oil
2 tablespoons vinegar
1 tablespoon vanilla
